A Finding-List
of Roses

JUL 27 1927
Import Division

The
CONARD-PYLE COMPANY
Star Rose Growers
WEST GROVE, PENNA.

BECAUSE you love Roses,
you are cordially invited
to visit the Star Rose Gardens
at West Grove, Pa., during the
blooming season of 1927, but
particularly between June 1
and July 1, when most of the
Hardy Climbers are in bloom
and the "Everbloomers" are at
their first best.

Repeat the visit if you can;
a live rose garden is never the
same two days in succession.
Come often!

THE Finding-List herein will tell you of the great collection, and how to find any rose in it easily. See the Garden Plan on page 12, which locates the various beds.

You can select the varieties you want to plant, checking their names on the blank pages. Most roses, in the Star quality of fresh and vigorous plants, will be forwarded to you at the right time for planting next fall or later.

On page 24 is a Road Map to guide you to the Star Rose Gardens.

No solicitations to buy will annoy you. We want you to enjoy the Roses.

Conard Pyle
President

THE CONARD-PYLE COMPANY
WEST GROVE, PENNA.

FINDING-LIST

The numbers at the right indicate the bed in which each rose may be found in our gardens. Consult the Garden Plan on pages 12 and 13 to see where the beds are located.

The following abbreviations are used to indicate the class to which each rose belongs:

ABBREVIATIONS

Ben., Bengal	HT., Hybrid Tea
Bourb., Bourbon	Pern., Pernetiana
Cl. Beng., Climbing Bengal	Poly., Polyantha
Cl. HT., Climbing Hybrid Tea	Rug., Rugosa
Cl. Poly., Climbing Polyantha	Spec., Species
H. Cl., Hardy Climber	T., Tea
HP. Hybrid Perpetual	T.-Poly., Tea-Poly.

NOTE THE CLIMBERS ON POSTS

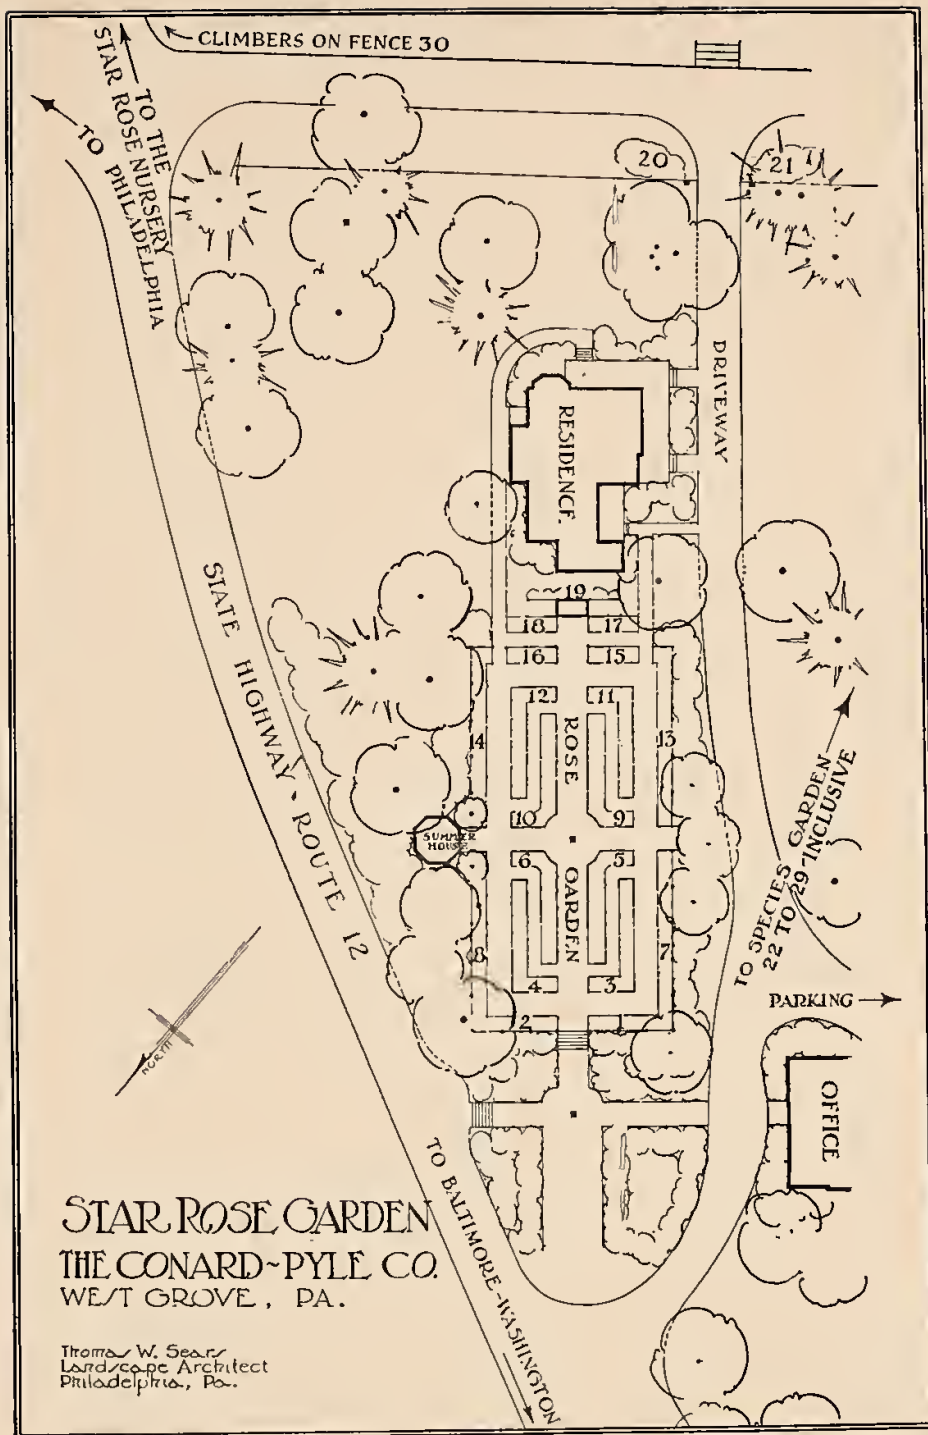

VISITORS ARE WELCOME TO THE STAR ROSE GARDENS

TO HELP you to enjoy the experience and to remember it, we have prepared for you this souvenir "Finding-List." It will serve a double purpose. First, this Garden Plan with Key numbers will help you to find in the garden any rose listed on these twenty-four pages.

Second, and perhaps more important, are the blank pages on which you can make notes, and conveniently put an X in front of the names of the roses you very much like, with a double XX opposite those you admire most of all. Then you will have a record of what you may want to order.

Or if you prefer you could leave this checked Finding-List with us as an order, or could send it to us so that we could make up your order to be sent at the right time.

We are here on *weekdays* from 7 to 4.30, and on *Saturdays* till noon, Standard Time, or on *Saturday* afternoon upon special arrangement. *Though we transact no business on Sunday, you may come and roam at will all day, any day, Sunday included.*

ENJOY YOURSELF? COME AGAIN

When You Visit Us

PLAN your trip to include the famous du Pont million-dollar conservatories and gardens only 10 miles from here. We are on the main highway from Washington and Baltimore to Philadelphia, via Conowingo, where the new fifty-million-dollar dam is being completed, and we are but two miles from the shortest route from the West to Atlantic City (via Wilmington and Pennsgrove, leaving Lincoln Highway at Gap).

When you come to West Grove, do not get us confused with other rose-growers, but be sure to *stop at the sign of the Star*. Please remember to bring this Finding-List with you. It will be a great convenience when selecting your Roses.

Our Rose-gardens are for your instruction and enjoyment. You are cordially invited to come often. A better Road Map sent on request.

If you find it impossible to visit the Star Rose-gardens—remember that our Star Guide to Good Roses, carefully illustrated in word and color, will help you to know which are the best Roses to get and to grow.

The Conard-Pyle Company
STAR ROSE GROWERS

ROBERT PYLE, President

WEST GROVE, PENNA.
